 Healthier Togather - New Baby

Dear Mr Mouse-TestPatient,

Welcome to your new baby. For reliable advice on common childhood illnesses, pregnancy concerns and self-care, please visit www.healthiertogether.nhs.uk. It explains when you can safely manage symptoms at home, when to see a pharmacist, GP, NHS 111 or A&E, and why most coughs, colds and sore throats get better without antibiotics. Using antibiotics when they're not needed can cause side effects and increase antimicrobial resistance.

Thanks, Sarah Gray
